WE CAN WE WILL

About Us

Formal education and a powerful personality are crucial for an individual to succeed in today's world.

We, at Pratibha International School & Junior College, work with the guiding principle of nurturing young minds with a balanced combination of academic knowledge and practical experiences. Being a certified Cambridge English school lets our students learn and compete at an international academic level.

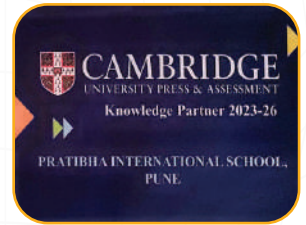

We are dedicated to the all-around development of children. Therefore, outdoor activities like skating, karate, rifle shooting, etc. are an integral part of the school life of our students. Our students are also encouraged and given ample opportunities to participate in cultural events, hobby classes, cleanliness drives, educational tours, and social welfare programs.

We conduct regular PTA meetings to ensure healthy and open communication between parents and teachers in the best interest of our students. Parents receive daily email updates about school activities and are provided with monthly assessment sheets to help them remain informed about their child's school performance.

Cambridge Knowledge Partner

Pratibha International School has been recognised as a Cambridge English School and uses Cambridge English exam patterns and materials. These exams are conducted by Cambridge Assessment English (part of the University of Cambridge, UK) for school students starting from grades II–VIII.

- ★ The certification that the Cambridge School recognises helps us align our goals with internationally recognised standards.
- ★ The only school incorporating language proficiency assessments in collaboration with Cambridge University.
- ★ Students are assessed by examiners from Cambridge University and are awarded a certificate for the same.
- ★ No extra hours are required; the child obtains a certification during his or her school day that will help him or her gain admission overseas or support the profile for future job opportunities.
- ★ We use learning material from the Cambridge University Press.
- ★ Awards—the best boy and best girl for the academic year by Cambridge University Press.

Pratibha International School, an Authorized Cambridge English Centre, prepares students for success on the global stage. As a direct examination center for the Cambridge English Language Assessment Program and a knowledge partner with Cambridge University, the school equips students with internationally recognized language proficiency credentials, enhancing their opportunities to thrive in English-speaking countries worldwide.

Our Collaborations

About Burlington

Since 2022, Pratibha International School has been walking hand in hand with Burlington English. Burlington English is a publisher that cares about learners' aspirations. This publication has been used for classes I through VIII. Along with the textbook, it has also designed a personalised English language learning and teaching app that helps the teachers nurture the students' joy of learning. The publication is made up of three parts: a course book, a grammar book, and a workbook.

About Happy Mongo

It's a fully digital programme where integrated education and technology together bring fun to learning, including a magic wall where children create 3D pictures by scanning the books they provide and bringing them into reality. Where Doodles helps to create 5D images through the app, users learn to handle tablets smoothly as per their requirements. It's a complete package to refine motor skills, cognitive skills, problem-solving abilities, numerical skills, language skills, coding knowledge, creativity, and confidence.

IC3 Accreditation

Pratibha International School & Jr. College is IC3 accredited – Grade A. The school has Career Counselling Department at the school. It navigate career pathways for students. The school set up university fairs, career counselling, aptitude tests and group and individual counselling is done at the school.

More Collaborations

We are collaborated with Educational Initiatives for educational assessment through pedagogical research and data-driven solutions.

Yi Pune Thalir signs an MoU with Pratibha International School & Jr. College, Chinchwad, Pune with over 1100+ students!

CEO's Address

Pratibha International School and Jr. College

We nurture their academic and holistic development to overcome challenges from technology and global competition. Our commitment is to provide high-quality education, advanced infrastructure, instill moral values, and promote overall development through sports and culture, fostering competent global professionals and leaders.

Dr. Deepak V Shah

CEO, Pratibha International School and Junior college

To Strengthen the Mind, soul, Head, Heart and Hands.

Honourable Shri Abdul Kalam, former Indian President, envisioned India as a super power country, with 60% of its population falling within the 20-40 age group. We aim to nurture our youth into respectful and honorable citizens.

Principal's Desk

Pratibha International School and Jr. College

Pratibha International School and Junior College combines academic excellence, integrity, and co-curricular activities. We prioritize experiential learning to nurture responsible Indian citizens who make us proud.

Mrs. Savita H Travis

Principal, Pratibha International School and Junior college

Education is not merely acquirement of the facts but also of values, which is an essential element in making this world a better place to live in. A pivotal role of education lies in nurturing and developing the child in order to meet the challenges of life to lead a happy and balanced life.

Pratibha International School

Our Mission

To build and successfully manage state-of-the-art training and education facilities where young minds can be moulded to meet the challenges of future India by ensuring the overall development of students while keeping in mind good moral education, personality development, professional skills, and the latest trends in education methods.

We aim to empower the young masses by providing quality technical education, thereby creating a new frontier of knowledge and moulding the younger generation of our country into responsible citizens.

Our Vision

Our Values

An educational institute has not only a scholarly but also a developmental role to play. We aim to empower the young mass by providing quality technical education, thereby creating a new frontier of knowledge and shaping the future of our country.

Tech Skills Development

Information Technology

A well-equipped computer lab staffed by certified educators, and IT as a vocational subject from grades 6th to 12th, assists our students to master their programming skills and avail better job opportunities in the future.

Computer Science

The syllabus fosters:

- a) Computational thinking
- b) Data types utilization
- c) Algorithm appreciation
- d) Basic computer systems knowledge (architecture, OS, and cloud computing)
- e) Cyber ethics, safety, & crime awareness
- f) Technology's societal impact and gender/disability considerations.

Skill Development

Food Nutrition and Dietetics

This course syllabus fosters food and nutrition awareness among 11th and 12th-grade students, enabling them to pursue careers as effective nutrition educators and responsible Indian citizens.

Yoga

Incorporating yoga into the 11th and 12th-grade curriculum offers students tools for mental and physical well-being, supporting their dreams of becoming yoga instructors and responsible Indian citizens in the face of global challenges.

Artificial Intelligence

AI, a computer science field, creates intelligent machines that learn and adapt, processing data much faster than humans. Its impact spans diverse domains, from healthcare innovations and sustainable farming to education and environmental conservation. AI holds limitless potential to enhance the world when wielded responsibly.

Salient Features

Conveyance

The school has a contract with the bus facility owners. Seats in our school buses, for the use of a limited number of students, will be available on a first-come, first-served basis.

Please note that we only have a limited number of buses, so we are not able to offer transport to all applicants. Parents cannot demand bus services as a right; we help where we can but cannot guarantee a seat to every applicant. The bus will pick up and drop off the child only at the given stop, and the door-to-door facility is unavailable. Students must be at the stop five minutes prior to the allotted time; buses will not wait for latecomers.

Student's Achievements

**Team Members of Recurve
Girls U-19**

Zonal Level Archery Winners

Saud Ansari Shakil

Scored 150/150 in the IQUBE examination
and securing the All India position 1
